FRONTEND DEVELOPER (M/F)

You're interested in developing a web application platform and tailored digital products? You love UX engineering and want to work with experienced backend and frontend engineers, a diverse creative team and our incredibly amazing office-robot?

KALBECK

Send your application to **office@kalbeck.com** and let's get in touch.

WHAT WE ARE LOOKING FOR

- Experience with Javascript frameworks, ideally React / Relay
- UX Engineering
- Development of single page applications for web, mobile and apps
- Experience with distributed versioning systems (e.g. Git) and product development in agile teams
- Optionally: Experience in C# (.NET Core)
- Proficiency in English, both written and spoken

WHAT WE OFFER

- Cutting edge web technologies
- In-house product development
- An interdisciplinary team
- Focus on large, long-term projects in the fields of fintech, IoT and online platforms

WE ARE

- … based in 1090 Vienna
- … a bunch of diverse individuals that want to create awesome digital (and sometimes non-digital) stuff
- … offering a salary from € 33.000.- gross per year + overpayment dependent of professional and personal qualifications
- … looking forward to meeting you!
